My Dear Daughter:

Jennie I see has left her letter for me to finish and I will have to add a few lines in haste, as I am in a hurry as usual and so much for one pair of hands to do. It really seems like a long time since we received your last letter, but I presume you are very busy, and if you are only well we can afford to wait patiently to hear from you. Katie has not yet secured a position but will attend college until she does. a Physician in Ironton O. wrote to her to come but she did not receive it in time & so lost that: she may at any time get a place. She got another new sacque & a pair of shoes last week. The sacque is plain black double breasted

and fits her well. her & Archie
was over to Uncles last week
Uncle intended calling on you
this week. I have not yet got the
material to combine with Jennies dress
shall I depend on you getting it if
you do I will enclose a sample.
I think it will require 1½ yds of 32.
in goods and Jennie says she must
have a new pair of Kid Gloves or she
will not go to Sunday school any
more and could you manage
to get them for her/a cheap pair
of Brown or Black or the shade of
her dress her hand measures 7 in
I think if you cannot get these
articles that she will be obliged to do
with out for Archie is discouraged at
our wants & necessaries. I tell him that
you and Katie are almost ready to
help him & I try to encourage him
in that way. he was short of
money some weeks ago and he
pawned his watch. but he has
since redeemed it. dont say one
word about me ordering these things

Did Archie tell you that he
received a letter from G S H
on the 24 of last month? he did
and he showed it to me last
Sunday night. I would send it
to you but he has it locked
in his trunk you would certainly
laugh to read it. He says I don't
know your address but I will send
this letter to a friend who does
and he will send it to you
he wants Archie to write to him but
does not give his address & wants
him to meet him at the Worlds Fair
if his motives are pure &c &c. I
will sometime send it to you. It
was mailed to Archie from Youngstown
by Anderson or Truesdale. [illegible] That Getting
those common friends [illegible] [illegible]
for Balaam.
Jennie is getting fat on her
Emulsion. Archie is taking it
it too [illegible] it prescribed [illegible]
* we are all reasonable well
let us hear from you at

your convenience. I don't know where to direct to but I guess to the Hospital as it is more likely you are at Travers.

Your Loving Mother

Balam wants Archie to come to him and not be a servant any more for other folks. It is a good one for our attorneys and Archie is saving it for them.
